

Music Performance – Initial Task

Task 1 - Choose a musical artist that you are interested in (individual musician or singer) and write a profile for them. You should include a brief history of their career and focus on the professional skills that they possess (e.g. ability to play instruments, confidence, public performance/speaking, composition etc). You should also include a paragraph about why you like them and their music and any ways that they inspire you. 700 words approx.

Task 2 - Write out the skills that you possess as a musician, including as much detail as possible. Now think about what skills you think you need to develop to become a professional musician. These could include things to do with technical ability, composition, lyric writing, confidence, collaborations etc. To elaborate on each of the skills you wish to develop try to include some specific ways in which you could make progress in each area. 500 words approx.
