

ASHTON
SIXTH FORM COLLEGE

“We want all your young people to chose a pathway that appeals and nurtures their individual talents and interests. We all do everything we can to ensure they thrive personally, socially and academically.”

Welcome to ASFC and our XL Academy

**STAMFORD
PARK TRUST**

Admissions and Priorities

Where are we now?

- Interviews are over, choices have been made and the priority right now is GCSE performance.
- We are truly delighted they have chosen us and our mindset now is that they are on track to be part of our college.
- We know this can feel like a very busy, stressful and uncertain period so we are here to answer whatever questions you have.

Advice

We regularly spotlight revision strategies and study techniques as part of the XL Academy.

So to help support this, we have some of our resources available to collect after this session if you feel they would help support your young person at home.

Why the XL Academy?

- A culture of encouraging students to seek out opportunities and see the value in challenging themselves.
- Specialist advice and guidance for interviews, personal statements, super-curricular activities, enrichment opportunities and more!
- Trips to universities including our recent 'competitive applications' session at Lancaster University
- Bespoke tutorial weekly programme alongside other XL Academy Students.
- A longstanding and successful track record
